

At Mid-County Coop we are following all COVID-19 recommendations to keep our customers and staff safe.

We would like to share the following statement from Holiday Stationstore's CEO Brian Hannasch.

Bill Reimers,
General Manager
Mid-County Coop

A NOTE TO OUR GUESTS FROM OUR CEO BRIAN HANNASCH

At Holiday, our mission is to make our customers lives a little easier every day. we know you are relying on us more than ever for a clean and friendly experience when you visit our stores.

I want you to know that your health and safety is our key priority. We are carefully watching the World Health Organization and local and global health authorities for the most up to date information. They know best what is going on with the spread of the coronavirus disease COVID-19, and we have dedicated teams following their advice.

Our employees are committed to keeping our stores clean inside and out. That includes anywhere your hands may go from surfaces, screens, pumps, restrooms and more. This is always a priority for us, but now we have asked all our store teams to go the extra mile as we know with the virus, cleanliness is key to health and safety.

Our goal is to make it easy for you to find sanitizing solutions – from gel to wipes to plastic gloves depending on the location – to help protect you and your family while visiting our stores and filling up at our pumps. We also know you are coming to us to buy hygiene and other emergency supplies, and our teams are hard at work to increase our stock to meet your needs.

We are also giving lots of information to our employees on how to keep healthy. You have heard it before, and we are saying it again and again, from proper handwashing, social distancing, keeping hands away from faces, and making sure to have proper procedures around food.

We understand that we live in uncertain times. You can rely on Holiday to make your life a little easier every day – even difficult days.
