

At our Holiday Stationstores in Cologne, MN and Waverly, MN we are committed to keeping a safe and clean environment for our customers and employees while continuing to do the best we can to keep our level of service to our customers at the high level that they have come to expect. Below is a list of some of the changes we have made at a store level to ensure we reach our goals.

Thank you for your patience as we adjust to these ever changing issues.

- Mid-County Coop

1. We have started an aggressive program of extra sanitizing.

- We aren't just cleaning the dirt from the gas pumps, we are also sanitizing them regularly throughout the day.
- We are doing this with most of the surfaces (non-electrified) in the store.

2. Fresh bakery products, with a more limited selection, are still available.

- We are individually wrapping each item, to keep them safe.

3. We will be adding polycarbonate shields at each register to act as a barrier to infection.

- We have also marked 6-foot lines in front of each register, to help people keep their distance as appropriate.

4. Hot food items are still available.

- We will be discontinuing roller grill items to avoid customer contact.
- We will continue our wrapped hot sandwiches and boxed hot snacks.

5. We have discontinued the use of reusable cups and mugs for coffee and fountain pop.

- Customers are required to use a fresh cup, straw, and lid each time to reduce the risk of cross-contamination from a used cup or mug.

6. We are getting regular milk and dairy deliveries.

- This includes eggs,
- We are also getting regular deliveries of bread.

7. Car Wash and fuel pumps are open.

8. We have not changed our operating hours.
